A WORD TO PARENTS FROM THE HEADMISTRESS

This Progress Report is a cumulative of the academic progress, all-around growth and development of your ward.

At the primary level the development of right skills and work habits is very important. These are the tools which help a child to learn with ease and thus develop mentally, emotionally and physically. The progress your child makes at school depends to a large extent on your interest as a parent. We urge you therefore, to attach due importance to our report on the development of these skills and work habits in your son. It should be remembered that we do not expect all children to achieve the same level of success, as children progress at different rates according to their individual development and ability.

The progress report will be withheld if fees are in arrears, library books are not returned and a child absents himself from sports practice, concert rehearsals and other co-curricular activities.

We encourage you to discuss your son's bi-annual report with him and with his teacher in a spirit of understanding.
